

FUMIGATION SYSTEMS

P1-22a 10 litre Underbench Fumigation system

Size 48cm wd × 66cm dp × 73cm high.
220 – 230Vac 50 – 60 hz 3000w
Boil off capacity 10 litres in 200 minutes
Fan assisted vapour distribution
Polypropylene case with stainless steel boil tank
Acrylic 1 ltr Formalin & 9 ltr water holding tanks
Remote cycle initiation
Flashing beacon warning on activation
Automatic dispense of Formalin & water
Automatic shutdown when boil-off complete

P1-16b 20 litre Fumigation system

Size 44cm wd × 60cm dp × 134cm high.
220 – 230Vac 50 – 60 hz 3000w
Boil off capacity 20 litres in 365 minutes
Fan assisted vapour distribution
Polypropylene case with stainless steel boil tank
Acrylic 2 ltr Formalin & 18 ltr water holding tanks
Remote cycle initiation
Flashing beacon warning on activation
Automatic dispense of Formalin & water
Automatic shutdown when boil-off complete
